A LA CARTE FLOWERS

BOUQUETS

Led by your style and colour palette preference, your bridal bouquet will be created using flowers that are looking at their very best at the time of your special day. These blooms will be lovingly handpicked and created into a deluxe garden-inspired bouquet, full of whimsical charm and fragrance. The bridesmaids' bouquets will be a petite version of the bride's bouquet. The petite bridesmaids' bouquets are perfect for flower girls or junior bridesmaids and are created with smaller hands in mind. All bouquets will be tied with botanically dyed trailing silk ribbon in a colour of your preference.

BUTTONHOLES & CORSAGES

My buttonholes are petite floral accents for the gentlemen, reflecting your chosen colour palette in the bridal and bridesmaids' bouquets. My corsages for the ladies can be the same as the buttonholes, or I can use different flowers or colours if desired.

My buttonholes and corsages are finished with paper twine and come with a pearl-headed pin ready for pinning. They are all supplied in test tubes of water, ensuring they are fully hydrated until the moment they are about to be worn.

Buttonholes & Corsages from
£12.50 each

A LA CARTE FLOWERS ARRANGEMENTS

I can create arrangements for your ceremony and reception using my own vases, bowls, vintage bottles and bud vases all of which can be hired for a small fee and need to be returned to me in Piddinghoe. Failure to return any vessels or damages will incur charges.

I can create floral displays ranging from tall, statement-piece vases to long, low table arrangements to simple, petite bundles of blooms in jam jars. Or, if you'd like simplicity, a loose scattering of bud vases and/or vintage bottles, using coordinating flowers and foliage to complement your style and colour palette preference, interspersed amongst candles for an enchanting yet subtle effect.

Vase and bowl arrangements from £85

Jam jars from £15 each

Five centrepieces £60
